

Driver Companion App

Driver App: Login

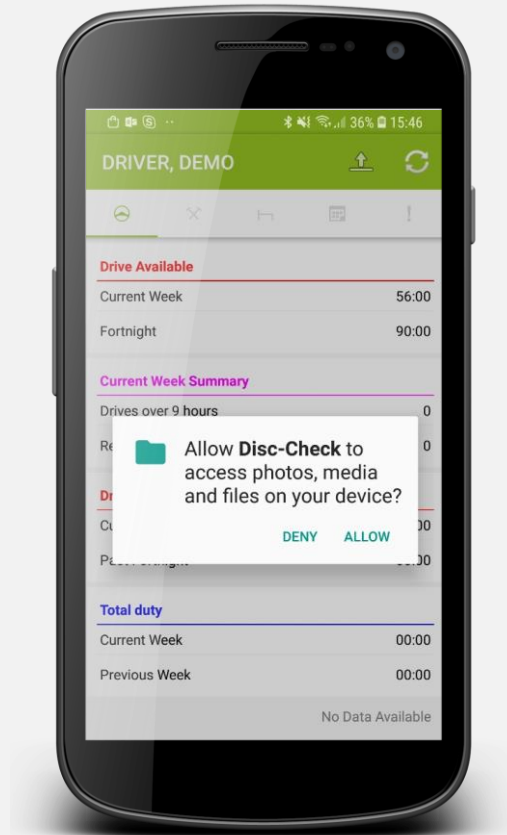

To Login you require a company code and PIN Number.

Each driver has a unique 6 digit PIN for accessing the app. This can be found from within disc-check > Drivers > PIN Setup

Driver App: Permissions

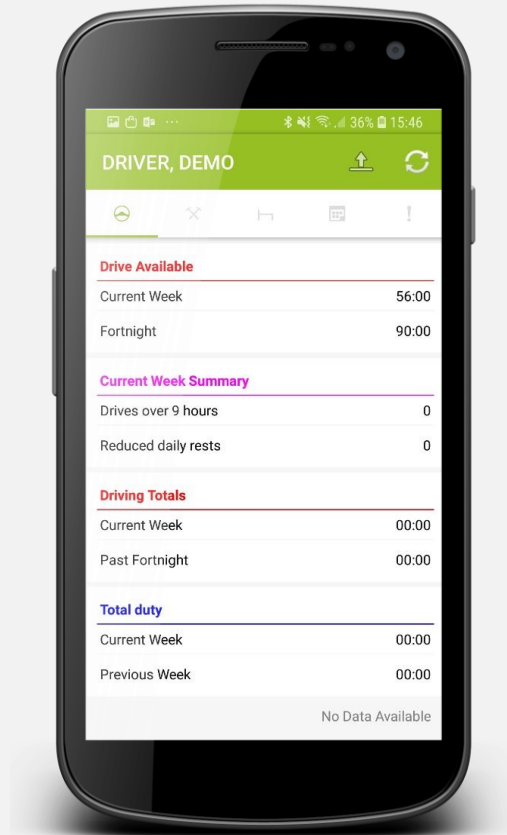

The first time you log in you will be asked to accept several permissions.

It is important you select allow to each of these to continue using the app.

Driver App: Navigation

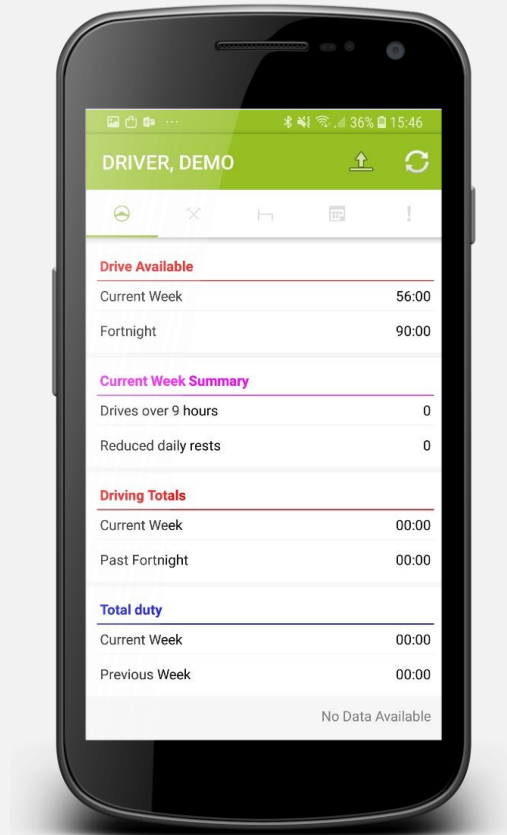

The disc-check app contains several screens with various data.

To move between them simply swiped between them or select the symbols at the top of the screen.

Driver App: Driving Totals

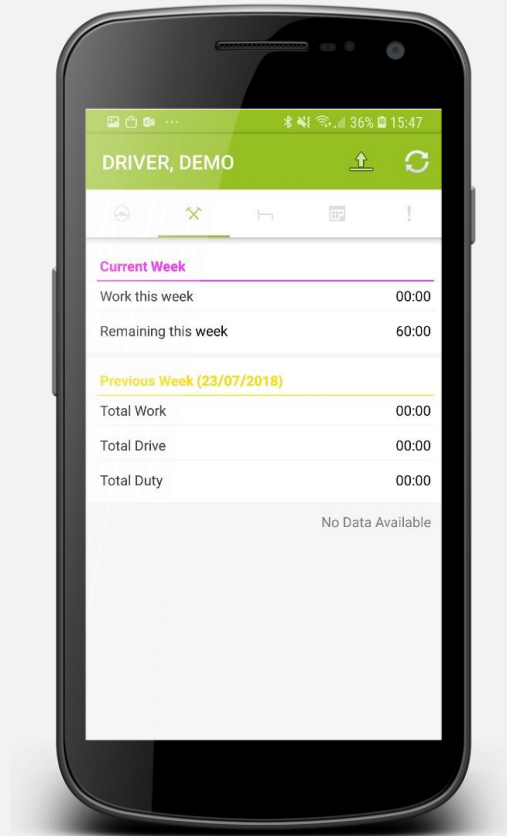

The first screen contains your latest information regarding driving totals and work carried out in the current week and previous week.

All of the data is updated within a minute of your data being submitted to the system for analysis.

Driver App: WTD Totals

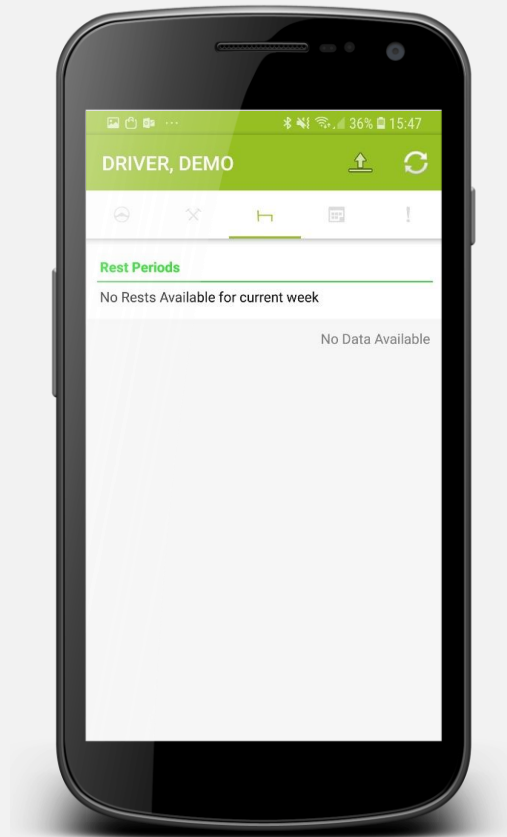

The next screen shows you current week and previous week of your Working Time Directive totals.

More information will become available as the week progresses.

Driver App: Rest Periods

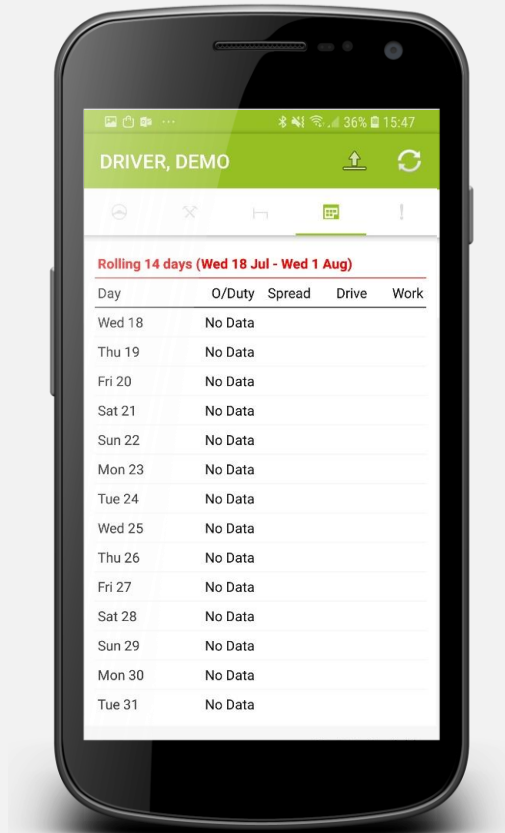

The third screen shows you your weekly and daily rest totals for the current week.

Any reduced rests will also be highlighted in yellow to show you where they are located in the current week.

Driver App: 14 Day Shifts

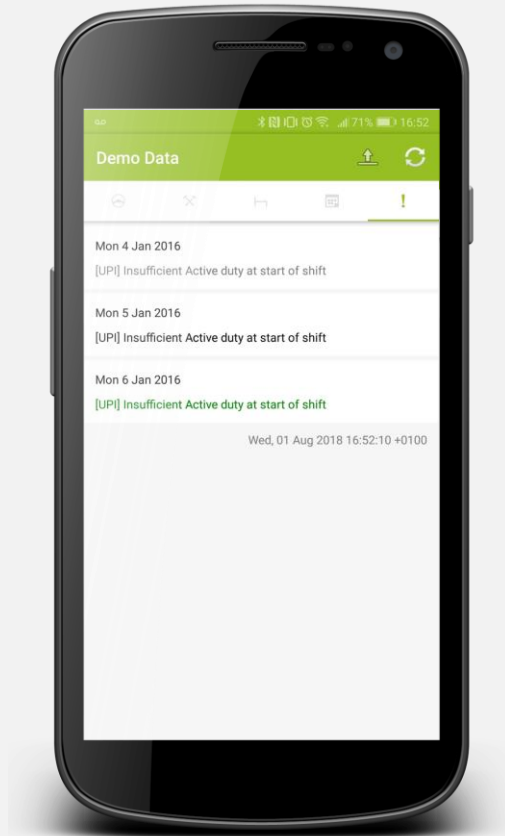

The next screen shows you a breakdown of all information about the last 14 days and your shift totals.

Tilting the app landscape will show you additional totals including POA and Rest for each shift.

Driver App: Infringement Listing

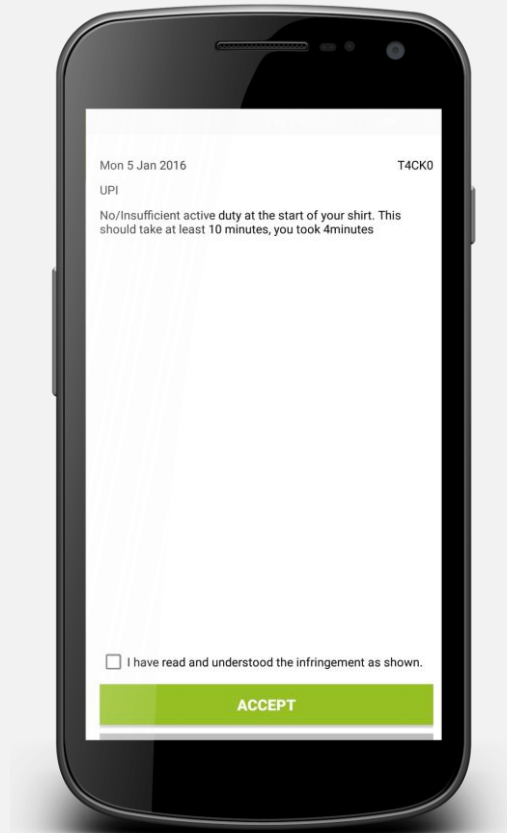

The final screen displays any infringements in the last 2 weeks.

From this screen, you can tap on an infringement and acknowledge the offence from anywhere. (next Page)

Driver App: Infringement Detail

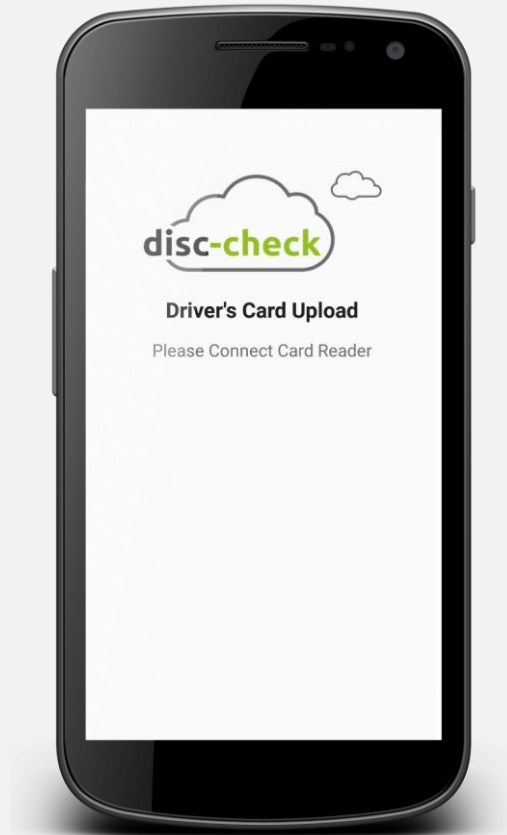

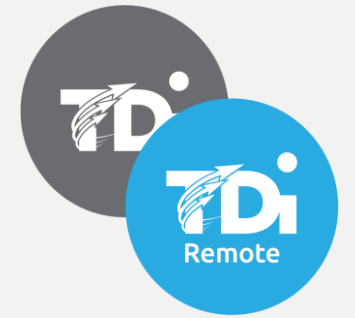

From within the infringement detail you can see when the infringement occurred and what vehicle you were on at the time.

At the bottom of the screen you can also tap the box to state you acknowledge the offence and that will be reported back to the office.

Clicking Accept / Back will take you to the previous screen

Driver App: Remote Upload

If you own a mobile download dongle you will be able to download your card anywhere you have an internet connection.

Simply click the arrow at the top right of the screen when logged into the app and follow the instructions shown
